Spinal Diseases

| | |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----|
| <i>Cervical Laminectomy: Variations and Alternatives</i> J. Brunon | 1 |
| <i>Decompression of the Spinal Subarachnoid Space as a Solution for Syringomyelia without Chiari Malformation</i> J.-H. Lee, C.-K. Chung and H.J. Kim | 5 |
| <i>A Department's Experience with Occipito-Cervical Fusion</i> H. Levene and J. Jallo | 9 |
| <i>Lumbar Microdiscectomy: Technical Do and Don'ts</i> J.G. Martin-Rodriguez | 15 |
| <i>Cervical Cord Injury Associated with Ossification of the Posterior Longitudinal Ligament</i> H. Nakagawa, Y. Ohara, J. Mizuno, H.S. Chang, T. Inouye, Y. Nonaka and T. Watabe | 17 |
| <i>Cervical Laminectomy Surgical Technique Biomechanical Perspectives</i> J. Pinto | 21 |
| <i>CERVIDISC – Mobile Cervical Prosthesis. 6 Years Follow-up</i> A.S. Ramadan | 27 |
| <i>Percutaneous Transpeduncular Fixation: A Preliminary Surgical Report</i> U. Agrillo, G. Schettini, M. Colangeli and F.A. Perino | 33 |
| <i>Pain Relief After Vertebroplasty in Patients with Osteoporotic and Metastatic Vertebral Compression Fractures and Haemangiomas</i> I. Aksiks, V. Vestermanis, E. Karklins, E. Pukitis and K. Kupcs | 37 |

| | |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----|
| <i>Effectiveness of Titanium Mesh Cylindrical Cages in Anterior Column Reconstruction After Vertebral Body Resection in Thoracolumbar Spondylitis</i> Koang Hum Bak, Jin Hwan Cheong, Jae Min Kim and Choong Hyun Kim | 41 |
| <i>Surgical Treatment of Cushing's Disease: Analysis of an experience of 12 years</i> O. Barlas, A. Aydoseli, B. Omay, S. Karadereler, F. Aral and S. Yarman | 45 |
| <i>Biomechanics, Indications and Clinical Results of DIAM Inter-spinous Device Implantation: 24 Months Follow-up</i> J. Buric, M. De Pretto and F. Volanti | 49 |
| <i>Nucleoplasty in Contained Disc Herniations 18 Months Follow-up</i> J. Buric and F. Volanti | 53 |
| <i>Percutaneous Endoscopic Interlaminar Discectomy for Intracanalicular Disc Herniations at L5-S1 Using Rigid Working Channel Scope</i> G. Choi, S.H. Lee, S.C. Lee, P.R.R. Pai, Y.S. Chae and K.J. Kim | 57 |
| <i>Surgical Results of the Tethered Cord Syndrome</i> J. Correia, E. Calado and C. Romero | 61 |
| <i>Vertebral Compression Fractures in Organ Transplant Recipients: Results of Treatment with Balloon Kyphoplasty and Comparison with "Typical" Osteoporotic Vertebral Compression Fractures</i> G. Deen, J. Aranda-Michel, R. Reimer, D. Miller and J. Putzke | 65 |
| <i>Endoscope-assisted Surgery for Lateral Recess Stenosis of the Lumbar Spine</i> A. Di Rienzo, G. Stati and R. Galzio | 69 |
| <i>The Risk of Adjacent Mobile Unit Failure (AMUF) in Various Treatment Modalities of Lumbar Degenerative Disease</i> C. Feloukatzis, G. Barlas, E. Papadopoulos, S. Pichas and K. Kazdaglis | 75 |
| <i>Kyphoplasty in Acute Osteoporotic Vertebral Body Fractures with Immediate and Early Post Operative Pain Relief Despite no Significant Restoration of Vertebral Body Height</i> C. Feltes, K. Fountas, T. Machinis, L. Nikolakakos, V. Dimopoulos, R. Davydov, M. Kassam, K. Johnston and J. Robinson | 81 |

| | |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| <i>Index</i> | XXI |
| <i>Collagen Dural Graft Matrix as an Adhesion Barrier: A Comparative Study in the Lumbar Spine</i> I. Arrotegui and J.L. Llombart | 87 |
| <i>Disc Collapse Following Discectomy Using A Novel Approach To Measure Intervertebral Disc Height</i> E. Kamaric, M. Vilendecic, O. Yeh, D. Ledic, T. Marinovic and G. Lambrecht | 95 |
| <i>Restoration of Disc Competency By increasing Disc Height Using An Annular Closure Device</i> E. Kamaric, G. Lambrecht, M. Vilendecic, D. Ledic, M. Gorenssek, S. Eustacchio and N. Eskinja | 99 |
| <i>Anterior Cervical Interbody Fusion Using Solis™ in Degenerative Cervical Diseases : Results of a Mid-term Follow-Up Study</i> S.H. Kim, S.D. Kim, D.J. Lim, Y.K. Park, J.Y. Park and H.S. Chung | 103 |
| <i>Long Term Results of Simultaneous Cornerstone Carbon Cage Fusion and Anterior Cervical Plate Fixation in Cervical Degenerative Disc Disease with Ligament Instability</i> P. Kowalczyk, A. Zakrzewska and A. Marchel | 109 |
| <i>Chiari Malformation and Syringomyelia. Surgical Treatment and Factors of Syringomyelia Pathogenesis with Special Regard to Tonsillar Herniation Due to Intracranial Tumours</i> A. Koziarski, G. Zieliński, A. Warczyńska and J.K. Podgórski | 113 |
| <i>Discal Tissue Extraction in Lumbar Hernia Surgery</i> D. Ledic, N. Eskinja, D. Vukas, E. Kamaric, G. Bajek, H. Stalekar, Z. Kolic, D. Giroto and B. Stankovic | 119 |
| <i>New Surgical Approaches of Percutaneous Endoscopic Lumbar Discectomy for Migrated Disc Herniation</i> S.C. Lee, S.H. Lee, S.K. Kim, W.C. Choi, Y.G. Choi and K.J. Kim | 123 |
| <i>Percutaneous Endoscopic Cervical Discectomy with Working Channel Scope for Ruptured Cervical Disc</i> S.C. Lee, S.H. Lee, Y. Ahn, W.C. Choi, Y.G. Choi and K.J. Kim | 127 |
| <i>Minimum Invasive Spine Fusion Using Bone Morphogenetic Protein (BMP) and Hydrosorb Cages: A Pioneering Approach To Lumbar Fusion</i> M. Abdulhak, S. Marzouk, F. Schreiber and D. Nerenz | 131 |

| | |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| <i>Clinical Application of Ultrasonic Bone Curette and Scalpel in Spinal Surgery</i> H. Nakagawa, J. Mizuno, H.S. Chang, T. Inouye, Y. Nonaka and T. Inukai | 137 |
| <i>Cauda Equina Ependymoma Clinical Diagnosis and Treatment</i> Y. Nonaka, H. Nakagawa, J. Mizuno, K. Ito, T. Inoue and Y. Ohara | 141 |
| <i>The Central Flavectomy For Treatment Lumbar Canal Stenosis</i> D. Paczkowski, K. Bronisz, M. Harat, B. Kitliński and P. Czyszowski | 145 |
| <i>The Anatomical Basis of the Lateral Approach to the Upper Cervical Spine</i> S. Paolini, J. Alvernia and G. Lanzino | 149 |
| <i>Lumbar Arthroplasty with Dynafix – Clinical Experience With 218 Implants</i> A. Ribas | 153 |
| <i>Reconstruction of the Cervicale Spine in Cervical Myelopathy Using an Anterior Distraction Device</i> H. Schenke and M. Eif | 159 |
| <i>Clinical Experience with Micro-discectomy Utilising the Metrx System</i> J. Steindler and L. Pekar | 163 |
| <i>Anastylosis of Degenerative Spondylotic Lumbar Spine Using M-P.L.I.F. (Multilevel P.L.I.F.) without Any Other Instrumentation</i> S. Tegos, G. Kottas, N. Mihalenas, V. Moraitis, P. Kyriakogonas, P. Andrias and V. Konstantinopoulou | 167 |
| <i>Surgical Treatment of Vertebral Column Tumors Complicated by Compression Syndrome</i> V. Yundin and S. Yundin | 173 |
| <i>Surgical Management of Huge Sacral Chordoma</i> M. Zaaroor and G.E. Sviri | 179 |
| <i>Congenital Midline Back Swellings in Nigerians</i> O. Bankole and S. Arigbabu | 185 |
| <i>Cranio-cervical Junction Decompression by Transoral Approach Technique, Indications and Results. Report of 4 Patients</i> M. Boubrik, M. Boutbaoucht, F. Layadi, C. Loqa, M. Haddi, M. Lmejjati and S. Ait Ben Ali | 189 |

Role of Surgery in Delayed and Neglected Cases of Traumatic Spinal Paraplegia: An Indian Experience
R. Kumar Majumdar 193

Cervical Spondylectomy for Chondroblastoma of the Cervical Spine with Tetraplegia: Case Report
A. Meshkini and F. Salehpour 197

Benign Brain Tumours

Parasagittal Meningiomas
B. Colli 203

Surgical Management of Petroclival Meningiomas; Selection of Operative Approaches and Complication Avoidance, Results in 260 Cases
T. Fukushima, T. Sameshima and K. Little 211

Recent Trends in the Management of Acoustic Neuroma
B.K Misra 213

Acoustic Neuroma Removal by the Retrosigmoid Approach: Hearing Preservation
D. Rowed 221

Diagnosis and Surgical Treatment of BrainstemHemangioblastomas (33 patients)
L. Zhou, G. Du, Y. Mao and R. Zhang 227

Endoscopic Assisted Transsphenoidal Approach to Extradural Midline Clival Chordoma
**A. De Tommasi, N. De Candia, A. Calace,
 C. De Tommasi, S. Luzzi, A. Cimmino,
 F. Sanguedolce and P. Ciappetta** 233

Combined Radiotherapy and Hydroxyurea Chemotherapy for Residual Meningioma after Surgical Resection
**Shin-Hyuk Kang, Yong-Gu Chung, Sung-Bum Ann,
 Yoo-Hyun Cha and Hoon-Kap Lee** 237

Expression of the Tight Junction Protein, Occludin, in Patients with Primary Brain Tumors
C.H. Kim, J.H. Cheong, K.H. Bak, J.M. Kim, Y. Ko and S.J. Oh 241

Third Ventricle Colloid Cysts. Removal Via Transcallosal Approach
A. Koziarski, G. Zieliński, A. Warczyńska and J.K. Podgórski 245
